

SolarMax Energy Systems

120KWH energy storage system

Overview

It supports energy needs from 20kWh up to 120kWh. Built with LiFePO₄ battery cells, it offers long life, safe operation, and steady performance. You can use this system in homes, commercial buildings, EV charging stations, and microgrids. It also works well for telecom and off-grid sites.

120KWH energy storage system

20-120kWh Scalable Battery Storage System for Energy Backup

20-120kWh modular battery storage system for commercial, solar, and backup applications. Scalable, high-voltage solution with LiFePO4 safety and BMS.
