

SolarMax Energy Systems

215 kWh energy storage cabinet system manufacturer

Overview

How many kWh can a bslbatt battery cabinet hold?

This commercial energy storage system comes in multiple capacity options: 200kWh / 215kWh / 225kWh / 241kWh. The BSLBATT 200kWh Battery Cabinet utilizes a design that separates the battery pack from the electrical unit, increasing the safety of the cabinet for energy storage batteries.

Does hisbatt 215-a come with a power inverter?

HISbatt 215-A comes with an integrated cooling system (HVAC), a fire suppression system, and a power inverter installed with the safest LFP battery cells. Besides this, our cabinet housing is crafted meticulously to withstand outdoor environmental conditions.

What is his-energy's premium Battery Cabinet?

HIS-Energy's Premium Battery Cabinet Solution: Engineered for Both Outdoor (IP54 Rated) and Indoor Installations. From peak shaving and emergency power supply to powering EV charging stations, our smart HIS- EMS seamlessly manages your energy needs.

Are the battery cabinets modular?

Whether you're planning an on-grid project or an off-grid solution, the battery cabinets are designed to be modular and easily expandable in the future. We've designed our solutions to guarantee safety and comfortability for you. All our battery solutions are forklift-ready and can be easily installed at the site.

Is hisbatt 215-a forklift-ready?

All our battery solutions are forklift-ready and can be easily installed at the site. HISbatt 215-A arrives on-site fully equipped with all necessary components, embodying the essence of convenience with our plug-and-play feature.

How many cabinets can be connected to a power backup system?

A standard 2-hour power backup solution is available for each cabinet, and the independent dual DC port design makes it easy to connect multiple cabinets for a 4-, 6-, or 8-hour expansion solution. The system is fully productized, integrating LFP ESS batteries, PCS , EMS, FSS, TCS, IMS, BMS.
