

SolarMax Energy Systems

60MWh energy storage power station

Overview

Where is Sungrow launching a 60mwh battery energy storage system?

Global solar and energy storage leader Sungrow has announced the successful commissioning of a 60MWh Battery Energy Storage System (BESS) project in Simo, Finland, marking one of the northernmost battery power plants in the world.

Where is a 30mw/60mw LFP Bess project located?

The 30MW/60MW LFP BESS project in Simo, Finland. Image: Sungrow. The energy storage arm of Chinese solar PV inverter manufacturer Sungrow has deployed a large-scale battery system at a site less than 100km from the Arctic Circle.

What is a 30mw/60mwh Bess system?

The 30MW/60MWh (2-hour duration) system, featuring 26 units of Sungrow's PowerTitan 1.0 lithium iron phosphate (LFP) BESS containers, is required to deliver high reliability and efficiency even under the region's challenging extreme weather conditions.
