

## SolarMax Energy Systems

# 8-cell battery cabinet series

## Overview

---

What are cellblock battery storage cabinets?

CellBlock Battery Storage Cabinets are a superior solution for the safe storage of lithium-ion batteries and devices containing them. Our practical, durable cabinets are manufactured from aluminum, and lined with CellBlock's Fire Containment Panels.

What is a galaxy lithium-ion battery cabinet?

Meet Schneider Electric's Galaxy Lithium-ion Battery Cabinet. The Schneider Electric-exclusive Galaxy Lithium-ion Battery Cabinets for 3-phase UPSs are a sustainable, innovative energy storage solution for data centers, industrial processes, and critical infrastructure.

Are battery storage cabinets safe?

Without the right separation, climate, and safety measures in place, storing batteries on-site poses a dormant but potentially expensive and devastating threat to your work environment. CellBlock Battery Storage Cabinets are a superior solution for the safe storage of lithium-ion batteries and devices containing them.

What are cellblock cabinets made of?

Our practical, durable cabinets are manufactured from aluminum, and lined with CellBlock's Fire Containment Panels. CellBlockEX provides both insulation and fire-suppression, to keep your assets and personnel safe from hazardous lithium-ion battery fires.

Why do we need a backup battery cabinet?

Through cutting-edge research and innovation, advanced engineered power products for backup battery cabinets have become essential to our energy future. When the power goes out, battery backups ensure that the Internet, cloud-based data, financial and health records stay accessible.
