

SolarMax Energy Systems

ASEAN modular battery cabinet manufacturers

Overview

What types of battery storage cabinets do you offer?

We provide modular battery storage cabinets and 20ft, 40ft energy storage containers that can be connected to inverters ranging from 100kW, 500kW 1MW, 2MW, 3MW & 4MW from manufacturers such as Power Electronics & SMA. We can offer both air cooled and liquid cooled battery modules to meet various climate conditions across the globe.

What is a Aceon Battery Cabinet?

AceOn offer a liquid cooled 344kWh battery cabinet solution. The ultra safe Lithium Ion Phosphate (LFP) battery cabinet can be connected in parallel to a maximum of 12 cabinets therefore offering a 4.13MWh battery block. The battery energy storage cabinet solutions offer the most flexible deployment of battery systems on the market.

What is a typical battery cabinet?

A typical cabinet integrates batteries, racking and chargers into an indoor (NEMA 1 or IP21) or outdoor (NEMA 3R or IP54) rated enclosure. There are many different options and accessories available, making every system unique and built to your site-specific needs.
