

**SolarMax Energy Systems**

# **Algerian power station photovoltaic panel manufacturer**

## Overview

---

In a significant move towards renewable energy, Algeria has partnered with Chinese company LONGi Green Energy (<https://en.longi.com/>) to produce solar panels locally. Where are solar panels made in Algeria?

Alongside Zergoun, the manufacturer Laguna Solaire has 200 MW of annual capacity for solar panel production in Algeria. The production plant of Algerian telecommunications and renewable energy company Milltech has a facility in Mila, in the east of the country, with a production capacity of 100 MW for M3-based modules. Manufacturing hub.

What percentage of solar PV installations are in Algeria?

Solar PV capacity accounted for 16.4% of total power plant installations globally in 2023, according to GlobalData, with total recorded solar PV capacity of 1,496GW. This is expected to contribute 33.7% by the end of 2030 with capacity of installations aggregating up to 4,822GW. Of the total global solar PV capacity, 0.03% is in Algeria.

What is Sonelgaz Algeria solar PV Park?

The Sonelgaz Algeria Solar PV Park is a 233MW solar PV power project located in Adrar, Algeria. Post completion of construction, the project was commissioned in 2015. The project was developed by Yingli Green Energy; Sinohydro; Shariket Kahraba oua Takat Moutadjadida; China Hydropower Engineering Consulting Group. Buy the profile here. 2.

How much solar power does Algeria have?

By the end of 2023, Algeria had 437 MW of solar generation capacity, according to the national Commission for Renewable Energies and Energy Efficiency (CEREFEE). The country has an average of 3,000 hours of sunshine per year and global horizontal irradiation of almost 1,700 kWh/m<sup>2</sup>/year in the north and 2,263 kWh/m<sup>2</sup>/year in the south.

Will Algeria become a hub for solar glass production?

Offering its companies a low electricity price of about DZD 4.68 (\$0.03)/kWh, Algeria envisions becoming a hub for solar glass production, both for its domestic market and for US manufacturers, to replace Asian markets affected by an import ban on their photovoltaic equipment.

What is Zergoun Green Energy doing in Algeria?

In order to meet the growing needs of the Algerian and African solar sector, Zergoun Green Energy has also created a joint venture with Greek company Elvan to set up a production plant for metal mounting structures in Ouargla to supply the Algerian, Greek and African markets.
