

## SolarMax Energy Systems

# Angola assembled outdoor power supply

## Overview

---

What are the options for power generation in Angola?

Angola has numerous options for the generation of power. The present document considers the key options - hydro, thermal and new renewable- individually and combined in scenarios that meet the required levels of safety and redundancy.

What are the power plug sockets in Angola?

In Angola the power plug sockets are of type C. Check out the following pictures. When living in the United States of America you need a power plug adapter for sockets type C. We don't sell power plug adapters. We refer you to Amazon, where you will find a great selection of travel adapters.

How much power does Angola need?

In order to ensure a safe power supply, even in years of lower hydro flow, Angola should have 9.9 GW of installed capacity - through increasing power capacity in all sub-systems and through a strong reliance on hydro and gas (which will correspond, respectively, to 66% and 19% of installed power capacity).

Will Angola be a part of the southern African Power Pool?

Plans exist to link the grids through a north-central-south backbone and expand the grid from 3,354 km to 16,350 km by 2025. Angola is currently a non-operating member of the Southern African Power Pool, but plans exist to connect to the pool through Namibia and the Democratic Republic of Congo.

How many solar villages will be installed in Angola?

anticipated that, in accordance with the Strategy for New Renewable Energies, 500 "solar villages" will be installed in off-grid main villages and in other settlements of larger dimension and, for the remaining population, individual systems based on solar energy will be supplied. Angola has numerous options

for the generation of power.

How many hydropower plants are there in Angola?

Angola has exceptional hydro resources, with 159 sites identified in previous studies as having potential for large hydropower plants, in addition to those already under construction or decided upon.
