

SolarMax Energy Systems

Australian outdoor communication battery cabinet manufacturer direct sales system

Overview

Are MP's batteries made in Australia?

Seeking to provide superior performance and reliability, MPS began manufacturing its own lithium battery solutions in 2019. Their Australian-made battery range includes: The flagship MPS 48-5.1 battery module represents the pinnacle of their advancements, offering outstanding performance tailored to Australia's challenging conditions.

What is a bespoke Battery Cabinet?

Our bespoke battery cabinets are a neat, safe, and convenient storage solution for valuable solar components, such as batteries or inverters. M+H Power Battery Cabinets are offered with our range of GenZ batteries or are ideally suited to the Selectronic range of SP PRO off-grid inverters.

Which Australian-made batteries are best?

Their Australian-made battery range includes: The flagship MPS 48-5.1 battery module represents the pinnacle of their advancements, offering outstanding performance tailored to Australia's challenging conditions. This LFP rack-mount battery module incorporates the latest cell technology and is suitable for both residential and commercial systems.

Where are M+H power pre-wired battery cabinets made?

The M+H Power range of pre-wired battery cabinets are assembled in Melbourne by our expert team of engineers and are designed to offer maximum flexibility to suit your installation requirements.
