

## SolarMax Energy Systems

# Austrian photovoltaic energy storage system manufacturer

## Overview

---

How much does a photovoltaic battery storage system cost in Austria?

The total inventory of photovoltaic battery storage systems in Austria therefore rose to 11,908 storage systems with a cumulative usable storage capacity of approx. 121 MWh. For 2020, a price of around € 914 per kWh of usable storage capacity excl. VAT was charged for PV storage systems installed as turnkey solutions.

Does Austria have a market for energy storage technologies?

A study 1 carried out by the University of Applied Sciences Technikum Wien, AEE INTEC, BEST and ENFOS presents the market development of energy storage technologies in Austria for the first time.

How big is Austria's hydraulic storage power plant capacity?

In 2020, Austria had a hystorically grown inventory of hydraulic storage power plants with a gross maximum capacity of 8.8 GW and gross electricity generation of 14.7 TWh. This storage capacity has already played a central role in the past in optimising power plant deployment and grid regulation.

Who is Energetica photovoltaic industries?

Energetica Photovoltaic Industries develops, tests and produces high-performance photovoltaic modules in Austria that are among the most technically advanced products in the industry worldwide. Our premium products are characterised by the highest performance, long service life and technological edge.

How many tank water storage systems are there in Austria?

A total of 840 tank water storage systems in primary and secondary networks with a total storage volume of 191,150 m<sup>3</sup> were surveyed in Austria. The five largest individual tank water storage systems have volumes of 50,000 m<sup>3</sup> (Theiss), 34,500 m<sup>3</sup> (Linz), 30,000 m<sup>3</sup> (Salzburg), 20,000 m<sup>3</sup> (Timelkam) and

twice 5,500 m<sup>3</sup> (Vienna).

How many rooftop systems does CCE Austria have?

Over the past 13 years, CCE Austria has realised well over 5,000 rooftop systems, setting standards with Austria's first system > 1 MWp and currently the largest rooftop system in Austria. Ground-mounted PV enables the efficient generation of as much electricity as possible in open spaces.

## Austrian photovoltaic energy storage system manufacturer

---

### The Company , KPV Solar GmbH

KPV Solar is a leading Austrian Solar company designing and constructing utility size Photovoltaic (PV) and Solar Thermal (ST) power plants. KPV Solar plans and builds big size renewable ...
