Bahrain Solar Photovoltaic Panel Customization Factory

Overview

Who makes solar modules in Bahrain?

Image: Ecoprogetti Bahrain-based Solartecc Green Energy Factory is building a 25 MW capacity solar module manufacturing facility at the Bahrain International Investment Park. The production equipment will be supplied by Italian provider Ecoprogetti.

Where is the new Bahraini solar factory located?

The new Bahraini factory is located in the Bahrain International Investment Zone on an area of 4 thousand square meters where they will produce more than 80000 solar panels per year, while it will contribute to creating 50 jobs as well as attracting more Investments to Bahrain and possibly to other Gulf Cooperation Council countries.

Who makes PERC solar modules in Bahrain?

Bahrain-based Solartecc Green Energy Factory is building a 25 MW capacity solar module manufacturing facility at the Bahrain International Investment Park. The production equipment will be supplied by Italian provider Ecoprogetti. "The manufacturer will produce high-efficiency mono PERC modules," an Ecoprogetti spokesperson told pv magazine.

Why is Bahrain launching a solar panel factory?

Mr Rabi Abdullah said that the factory provides solar panels for new projects of the public and private sectors, indicating that the project will produce panels for the Kingdom of Bahrain and the Gulf Cooperation Council countries, especially that the Gulf region is on the verge of using renewable energy.

Is Bahrain's first solar panel company the start of a sea change?

This is good news for Solar One, Bahrain's first solar panels company. Since its founding in 2017, the startup boasts of contributing over two megawatts of solar to the country's energy mix — enough to power around 380 US homes.

It's a drop in the ocean, but it hopefully marks the beginning of a sea change.

Why are there no barriers to solar PV installation in Bahrain?

None of the participants mentioned any reported barriers to installation of solar PV in Bahrain. This is likely because solar panel installation is relatively new in Bahrain and the participants were not clear on the specifics involved. Effective dissemination of information is necessary, as explained later.
