

SolarMax Energy Systems

Brazilian photovoltaic panel equipment manufacturers

Overview

What certifications are required for photovoltaic systems in Brazil?

One of the key certifications in Brazil is the INMETRO Certification, which is compulsory for photovoltaic systems. INMETRO (National Institute of Metrology, Quality and Technology) is an agency of the Brazilian federal government responsible for metrological services, quality, and technology.

Does Brazil have a good logistical infrastructure?

Well, the quality and scope of Brazil's logistical infrastructure is something to smile about. The country boasts of several major ports, including Santos port, Santarem port, and Vitoria port. It has an excellent road network and many reputable logistics companies. 100KW Solar Panel Photovoltaic Panel in Brazil.

What are the certifications for PV modules?

INMETRO (National Institute of Metrology, Quality and Technology) is an agency of the Brazilian federal government responsible for metrological services, quality, and technology. Another important certification is IEC 61215, which specifies test procedures to ensure the quality and durability of PV modules under different environmental conditions.
