

SolarMax Energy Systems

Canadian photovoltaic microinverter manufacturer

Overview

Is Canadian Solar a bankable company?

Canadian Solar is a publicly traded company (NASDAQ: CSIQ) since 2006 and is one of the more bankable companies in the solar industry. The company achieved revenue of \$3.74 billion USD in 2018 and is listed as a Bloomberg Tier 1 Module Manufacturer. Canadian Solar produces high efficiency monocrystalline and polycrystalline solar panels.

What is APsystems microinverter?

The APsystems microinverter solution marks a breakthrough in solar technology, making PV arrays more powerful, smart, reliable, cost effective and safe. Is a premier choice for optimizing your solar energy harvest, simplifying system design and maintenance, and improving safety for both installers and owners.

Why should solar installers use APsystems microinverter?

Additionally, the APsystems microinverter solution gives solar installers a competitive advantage and, when fully utilized, enables installers to install faster and generate more profit than competing systems of the same capacity.

Is Canadian Solar a mono-PERC or multi-PERC?

In August of 2019, all of Canadian Solar's cell capacity was upgraded to mono-PERC or multi-PERC. On the module product side, Canadian Solar has been producing half-cut cell modules (Ku-series), bifacial modules (BiKu), multi-bus bar (MBB), 166mm wafers (HiKu and BiHiKu) and shingled modules (HiDM).

What is a Q2000 microinverter?

Their products are designed for grid-connected or standalone solar applications, emphasizing efficiency, ease of installation, and environmental sustainability. Their known product is the Q2000 Microinverter, which can

produce electrical energy from four 550W solar panels.

What is included in a Canadian Solar Home system?

We offer Canadian Solar home systems that include everything needed to get the job done in a few days - and save a bundle. Solar kits include Canadian solar panels with 25 year warranty, grid-tied AC Inverter, rooftop mounting racks, wiring, cables, hardware, step-by-step instructions and permit-ready plan.
