

SolarMax Energy Systems

China s largest grid-side energy storage project

Overview

Tesla has signed its first deal to build a grid-scale battery power plant in China. The U.S. company posted on the Chinese social media service Weibo that the project would be the largest of its kind in China when completed.

China s largest grid-side energy storage project

China's largest single station-type electrochemical energy storage

The project is mainly invested by State Grid Integrated Energy and CATL, which is the largest single grid-side standalone station-type electrochemical energy storage power ...
