

## SolarMax Energy Systems

# Communication 5G home micro base station

## Overview

---

5G networks also use macrocells, such as cell towers, for connectivity. These larger base stations enable lower 5G frequencies, compared to small cells' high-frequency millimeter wave (mmWave) capabilities.

## Communication 5G home micro base station

---

**2MW / 5MWh  
Customizable**

### The Applicability of Macro and Micro Base Stations for 5G Base Station

In this paper, the principles and specific applications of macro base stations and micro base stations are introduced in detail, the encryption and protection of data by traditional ...
