

SolarMax Energy Systems

Customized solutions for industrial and commercial energy storage plants

LFP 280Ah C&I

Overview

What is Sungrow's commercial energy storage system?

Sungrow's commercial energy storage system helps your company to prosper in the changing energy landscape. Our state-of-the-art commercial energy storage system (ESS) integrates with your existing infrastructure, providing a robust energy management and optimization solution.

What is a commercial energy storage system (ESS)?

Our state-of-the-art commercial energy storage system (ESS) integrates with your existing infrastructure, providing a robust energy management and optimization solution. Sungrow provides effective commercial energy storage systems to help business owners store excess energy, reduce operational costs, and guarantee energy supply.

What is the C&I-ess-418 commercial and industrial energy storage system?

The C&I-ESS-418 Commercial and Industrial Energy Storage System is a modular battery platform offering up to 418 kWh of capacity per cabinet. Each unit houses 8 internal battery modules, designed for flexible configurations to match project-specific energy demands.

Customized solutions for industrial and commercial energy storage
