

SolarMax Energy Systems

Cyprus photovoltaic module exports

Overview

What is a commercial photovoltaic system in Cyprus?

Commercial photovoltaic systems in Cyprus are usually used by businesses for self-consumption. That is, the energy generated by the solar panels is solely used for the building where the panels are installed.

Does Cyprus support photovoltaic systems?

The government of Cyprus, along with the RES and Energy Conservation Fund, offers support schemes for the installation of photovoltaic systems. This is because solar power is considered to be the future of energy and promoting the use of renewable energy sources is a priority.

Where can photovoltaic panels be installed in Cyprus?

Photovoltaic systems can be installed on flat and inclined roofs and on the ground. Our team can visit the place where you want the solar panels to be installed, evaluate the amount of space, sun exposure and possible shading and suggest the best place so that you make the most out of your photovoltaic panels in Cyprus.

What are solar panels used for in Cyprus?

Solar panels in Cyprus are used for residential, industrial and commercial properties. Other than home use, many businesses install photovoltaic panels in Cyprus for self-consumption. That is, they use the energy the photovoltaic system generates directly, but cannot store any excess energy for following months.

What is a solar pump in Cyprus?

Solar pumps in Cyprus are pumps that work with the energy generated by solar panels. Solar pump maintenance is very important to ensure that the system works as it should and that the water is clean.

Who is eligible for a photovoltaic system in Cyprus?

Anyone with Cyprus permanent residency is eligible for a photovoltaic system in Cyprus, given that the property they want the panels to be installed on is interconnected with the EAC network and it was built according to the regulations of the Department of Town Planning and Housing.

Cyprus photovoltaic module exports

Photovoltaics in Cyprus , Cost , Cyprus Solar Panels

We specialize in commercial, Net-Metering, Net-Billing, solar streetlights and solar water pump photovoltaics in Cyprus. We offer different types of photovoltaic systems. Cyprus is a country ...
