

SolarMax Energy Systems

Dominican Republic PV Off-Grid Energy Storage Project

Overview

This pioneering project, located in La Romana, comprises: A solar photovoltaic plant with an installed capacity of up to 78 MW. Battery Energy Storage System (BESS) with 30 megawatt-hour capacity. State-of-the-art infrastructure to strengthen the national power grid.

Dominican Republic PV Off-Grid Energy Storage Project

Renewable energies market in the Dominican Republic

The Dominican Republic has very good investment opportunities for renewable energy projects, especially photovoltaic and wind. As the implementation of renewable energy generation ...
