

SolarMax Energy Systems

Double glass module manufacturers

Overview

What is a dual-glass module?

Dual-glass type modules (also called double glass or glass-glass) are made up of two glass surfaces, on the front and on the rear with a thickness of 2.0 mm each. Some manufacturers, in order to reduce the weight of the modules, have opted for a thickness of 1.6 mm. DualSun has chosen to stay with a thickness of 2.0 mm for reasons explained below.

What is a double glass module?

Double glass module: the front and back two pieces of glass + photovoltaic cells are compounded by encapsulation film. Traditional double glass module package: EVA+EVA, EVA+POE, POE+POE. Jiaying Fuying double glass module package: PVB+PVB.

Why are double glass modules symmetrical?

Mechanical constraints on cells: the fact that the structure of the double glass modules is symmetrical implies that the cells are located on a so-called neutral line, the upper part of the module being in compression during a downward mechanical load and the lower glass surface being in tension.

Why is double glass important for solar panels?

Double Glass is especially important in photovoltaic facilities such as solar power plants and with the expected long service life of modules such as AKCOME, Jinergy or Jolywood. Why solar panels with glass-glass Technology?

Why is solar double glass more durable?

.

What is the thickness of a glass module?

The thickness of the front glass generally used for this type of structure is 3.2

mm. Dual-glass type modules (also called double glass or glass-glass) are made up of two glass surfaces, on the front and on the rear with a thickness of 2.0 mm each.

What is a glass-backsheet module?

In the case of a glass-backsheet module, not only is the upper glass layer thicker (3.2 mm versus 2.0 mm) but also this layer is fully tempered glass, whereas in the case of a thickness of 2.0 mm, the glass is only semi-tempered due to technical limitations of the tempering process.

Double glass module manufacturers

182 Double Glass Module Series from China Manufacturer

182 Double Glass Module Series offered by China manufacturer ZNSHINE PV-TECH Co.,Ltd. Buy 182 Double Glass Module Series directly with low price and high quality.
