# EU double-glass modules

## EU double-glass modules

---

### Met Glass / Backsheet solar modules and solar ...

Metsolar can offer highest quality Met Glass / Backsheet solar modules and panels. This technology enables to achieve best price and quality result.

## What are the advantages of dual-glass Dualsun modules?

Double glass modules, due to the hermeticity of their structure, present less risk of PID. This phenomenon can be avoided by the use of an appropriate encapsulation material and by ...

## EU/Trina Solar launches N-type i-TOPCon double-glass bifacial ...

The highly efficient modules feature a lower temperature coefficient and low light induced degradation (LID), greatly improving the actual power output. They also provide an ...

[Get a quote](#)

## Glass-Glass PV Modules

Glass-Glass module designs are an old technology that utilises a glass layer on the back of modules in place of traditional polymer backsheets. They were heavy and expensive allowing ...

## Dual-glass vs glass-backsheet: The winning formula for bifacial modules

Our dual glass modules use the same internal circuit connection as a traditional glass-backsheet module but feature heat-strengthened glass on both sides. We produce the ...

[Get a quote](#)

## What are Double Glass Solar Panels?

Double-glass solar modules are made up of two layers of tempered glass that cover both sides of the solar panel. As snow accumulates on a typical solar panel or people ...
