

SolarMax Energy Systems

Energy Storage Photovoltaic Box Transformer

Overview

Photovoltaic power generation dedicated box transformer, abbreviated as photovoltaic box transformer, is a high-voltage/low-voltage prefabricated substation that integrates high-voltage switchgear, transformer body, and protective fuses in the oil tank, with low-voltage switchgear and corresponding auxiliary supporting equipment.

Energy Storage Photovoltaic Box Transformer

PCS Energy Storage Converter and Booster

It integrates energy storage converters, boost transformers, high-voltage ring network cabinets, low-voltage distribution boxes and other equipment in a ...
