

SolarMax Energy Systems

European outdoor power supply brand

Overview

What is the European power supplies Manufacturers' Association (UKEiG)?

The European Power Supplies Manufacturers' Association UKEiG was formed in 1995 to represent the specialist needs of the power supply industry in Europe. The association currently has around 25 members from ten countries, employing over 8,000 people and with combined global revenues exceeding 5 billion Euros. Our mission statement:.

What is the European uninterruptible power supply (UPS) market?

The European Uninterruptible Power Supply (UPS) market pulsates with dynamism, driven by digitalization, data center proliferation, and an unwavering need for business continuity. In this electrifying realm, established giants and nimble newcomers jostle for position, deploying diverse strategies to capture market share and secure growth.

How many external power supplies are there in the EU?

In 2020, 1.7 billion external power supplies (EPS) were in use in the EU27, of which 75% for residential use, on average 6.5 units per EU household. They converted 48 TWh/a of electricity from the 220V mains to the input needed by the powered products.

How do I choose a power supply?

First, think about the total output power; options typically range from around 500W to over 7000W. This range directly impacts the types of devices you can power simultaneously. Next, look for the number and variety of output ports.
