

SolarMax Energy Systems

Home Energy Storage Station Management System

Overview

What is the HS3 series home energy storage system?

Discover the HS3 Series Home Energy Storage System, a 6-in-1 smart solution that optimizes energy management, reduces costs, and ensures reliable power.

What is a home energy management system?

The goal of a home energy management system is to cover the energy demand of a household while minimizing costs and/or emissions. Typically, a HEMS reduces costs and emissions by maximizing the utilization of renewable energy as it aligns consumption with times when renewable energy is available. Every household has its individual needs.

What is the HS3 smart home energy management system?

Empowered by our Smart Energy Management System-Elekeeper, the HS3 series revolutionizes Smart Home Energy Solutions. It comprehensively monitors and intelligently manages energy generation, storage, and consumption, optimizing allocation and scheduling to significantly lower electricity costs.

What can a home solar and energy storage system do for You?

And stretch what's possible from home solar and energy storage systems. including retrofit and new construction with any energy storage system with integrated solutions that cut equipment count during grid outages preventing sudden disruptions making your energy go further.

What is ableedge home energy management?

Get what you need with Eaton's AbleEdge home energy management—a comprehensive and scalable suite of solutions delivering affordable, efficient and low-carbon power wherever and whenever it's needed at home. Transform new and existing Eaton BR loadcenters and meter breakers into

modular smart panels—helping avoid main panel upgrades.

Is cloud-based energy management possible without a local gateway?

Cloud-based energy management is also possible without a local gateway, however, this is less prevalent and has increased latency. Software and applications compatible with the hardware to control, monitor and access the DERs in a household.

Home Energy Storage Station Management System

Secure energy storage and management systems - ...

Our full-stack energy storage, management, security, and generation solutions are customized to meet the unique needs of utility companies, C&I buildings, ...

◆ **PRODUCT INFORMATION** ◆

-  **BATTERY CAPACITY**
50kWh~500kWh
-  **DC VOLTAGE RANGE**
400V~1000V
-  **DEGREE OF PROTECTION**
IP54
-  **OPERATING TEMPERATURE RANGE**
-10~50°C
