## Overview

---

Can flexible solar panels be installed on curved surfaces?

Flexible solar panels provide a lightweight and versatile alternative to traditional rigid panels. They can be installed on curved surfaces, RVs, boats, and other unique applications. Proper installation is key to maximizing efficiency and durability. This guide will walk you through the process.

Which solar panels are best for residential photovoltaic (PV) panels?

In this guide, we'll use EcoFlow's 400W rigid solar panel as an example. With an industry-leading 23% efficiency rating and an IP68 waterproof rating, EcoFlow's rigid solar panels are among the highest-performing and most durable options for residential photovoltaic (PV) panel arrays.

How do I install a flexible solar panel?

To install your flexible solar panel, you will need: **Clean the Surface:** Remove any dust, grease, or debris to ensure strong adhesion. **Dry and Inspect:** Make sure the surface is completely dry before attaching the panel. **Check for Obstructions:** Ensure no shadows or objects will block sunlight.

Can I build my own solar panels?

You can build it yourself, hire local laborers to help, or do a mix of both. Regardless of which approach you choose, our Do-It-Your-Way Solar Guide will help you learn everything you need to know about DIY solar panels, including planning, system design, set up, and more.

How do I Mount my solar panels?

There are multiple options for mounting your solar panels. The best option for you is most likely the flat surface on your home that receives the maximum exposure to sunlight. For irregular surfaces, you can augment your rigid solar panel array with flexible solar panels.

How do I install rigid solar panels on my roof?

EcoFlow's rigid solar panels come with a EcoFlow Tilt Mount Bracket for easy rooftop installation. The components include four fixing brackets, two adjustable brackets, and screws. This should be all you need to mount rigid solar panels on the roof or any other flat surface on your home that receives direct sunlight.
