

SolarMax Energy Systems

Hungarian lithium iron phosphate energy storage system

Overview

The new 40 MW / 80 MWh system, installed at the Dunamenti gas power plant near Budapest, is the biggest of its kind in the country and part of a broader European push to shore up renewable power with large-scale battery backup.

Hungarian lithium iron phosphate energy storage system

Hungary powers up largest battery storage system near Budapest

Hungary has just switched on its largest battery energy storage system (BESS) to date, stepping up its role in Central Europe's growing grid-scale energy transition.
