

## SolarMax Energy Systems

# Hungary Huijue Communication Base Station Wind and Solar Complementarity

**1075KWHH ESS**

## Overview

---

What are Huijue group's energy storage solutions?

Huijue Group's energy storage solutions (30 kWh to 30 MWh) cover cost management, backup power, and microgrids. To cope with the problem of no or difficult grid access for base stations, and in line with the policy trend of energy saving and emission reduction, Huijue Group has launched an innovative base station energy solution.

Who is Huijue group?

Huijue Group offers industrial and commercial energy storage, PV-BESS -EV Charging, Off-grid / On-grid Microgrid, telecom site solutions, and home solar energy storage, ensuring reliability, efficiency, and eco-friendliness.

What is a Huijue system?

Ranging from 5kWh to 20kWh, it caters to households of varying sizes. It reduces electricity bills and serves as emergency backup power, providing a seamless, intelligent, and one-stop energy solution. Compact and reliable Huijue systems provide energy independence and efficiency for modern homes.

What is Huijue off-grid solution?

Huijue Off-Grid Solution integrates photovoltaic, energy storage, and off-grid systems for scalable energy self-sufficiency. The Huijue Group Off-Grid Solution comprises three main components: photovoltaic systems, energy storage systems, and off-grid systems, enabling energy self-sufficiency.
