

SolarMax Energy Systems

Immersed Energy Storage Liquid Cooling System

Overview

An immersive liquid cooling energy storage system is an advanced battery cooling technology that achieves immersion of energy storage batteries in a special insulated cooling liquid.

Immersed Energy Storage Liquid Cooling System

Immersed liquid cooling energy storage liquid

The application provides a battery cooling liquid, a preparation method thereof and an immersed energy storage battery. According to weight percentage, the battery cooling liquid comprises ...

immersed energy storage system

✓ LIQUID/AIR COOLING

✓ ON GRID/HYBRID

✓ PROTECTION IP54/IP55

✓ BATTERY /6000 CYCLES

Immersed liquid cooling energy storage system The invention discloses an immersed liquid-cooled energy storage system which comprises a plurality of liquid-cooled boxes, wherein ...
