

SolarMax Energy Systems

Island solar panel manufacturer

Overview

Who is Island Solar?

Island Solar is a company based in Nassau, Bahamas that specializes in installing solar electric (photovoltaic) systems. They focus on commercial systems ranging from 50 kW to multi-megawatt utility scale systems, ensuring safety, high quality, and code compliance.

What is the focus of Island Solar?

Island Solar is based in Nassau, Bahamas and is committed to installing safe, high quality, code compliant and long lasting solar electric (photovoltaic) systems in the Bahamas and across the Caribbean.

What is solar PV on a resort island?

Solar PV on a resort island a clear sustainability message to your clients and partners Swimsol provides a unique solution to achieve desired solar production capacity – floating solar powerplant at sea (offshore solar). SolarSea produces 5-10% more energy due to natural cooling at sea.

How can island solar help you choose Trina Solar panels?

Island Solar can help you choose Trina Solar or REC panels for your solar project, you can be confident in the quality and performance of their products, backed by years of experience and a reputation for excellence in the solar industry.

Why was Island Solar preferred over other vendors?

Island Solar was preferred over other vendors due to their technical approach, professionalism, and ability to answer technical questions and provide insight into their proposed approach. Definitely recommend!.

Why should you choose island solar Fiji?

Island Solar Fiji ensures its commitment to quality and reliability by exclusively partnering with trusted and reputable solar brands. Our dedication to using trusted brands guarantees that our customers receive the highest standard of solar products and services in Fiji.
