

SolarMax Energy Systems

Kosovo s PV and energy storage boom

Overview

Kosovo has achieved a significant milestone in its transition to renewable energy by approving 107 MW of new solar projects in its latest auction. The record-low price of €0.06499 (\$0.069) per kWh secured during the auction demonstrates the growing competitiveness of solar power.

Kosovo s PV and energy storage boom

Towards Clean Energy, One Step At A Time , United Nations in Kosovo

At the same time, Kosovo has committed to increasing the percentage of its energy from green, sustainable sources such as photovoltaic panels, wind, and biomass under the ...
