Kyrgyzstan s import tariffs on energy storage products

Overview

Why is Kyrgyz import tariff rising?

With the Kyrgyz Republic's entry into the EAEU, the average import tariff rate increased from 5.04 percent to 9.4 percent, according to Ministry of Economy and Finance estimates. With member countries opening their consumer markets to one another, small Kyrgyz producers have struggled against greater competition from industrial-scale competitors.

Which countries did Kyrgyz Republic import in 2022?

In 2022, major countries from which Kyrgyz Republic Imported include China, Russian Federation, Kazakhstan, Turkey and Uzbekistan Please note the exports, imports and tariff data are based on reported data and not gap filled. Please check the Data Availability for coverage.

What are tariffs & duties in Kyrgyzstan?

In Kyrgyzstan, tariffs and duties are essential components of the import and export regulation framework, directly influencing trade dynamics. Tariffs are essentially taxes imposed by the government on imported or exported goods, with rates varying based on the type of goods involved.

How much energy does Kyrgyzstan export?

of total energy supply in 2021. Kyrgyzstan has historically been an energy deficit nation, with net energy exports amounting to 40.6 of total energy supply in 2021. Energy exports accounted for roughly 4.3%, 102.9 million USD\$, of Kyrgyzstan's export revenue, generating % of GDP in 2021. Energy imports, on the other hand, accounted for 8.0%, 962.

Are Kyrgyzstan's energy tariffs affordable?

Kyrgyzstan's energy tariffs are affordable compared to those of other countries in the region. However, affordability is still a concern for the poorest consumers, especially given that social assistance is currently not well

targeted to help the poor afford electricity and heat. Consumer.

What are the import and export procedures in Kyrgyzstan?

The management of import and export procedures in Kyrgyzstan is governed by specific regulations that designate certain goods as prohibited or restricted. Prohibited goods are items that cannot be imported or exported under any circumstances, while restricted goods may be subject to specific conditions or limitations.
