

SolarMax Energy Systems

Latvian solar panel inverter manufacturer

Overview

Who are the best solar park installers in Latvia?

One of the TOP solar park installers in Latvia. PV Engineering Inhouse Team of Engineers, certified for any electrical design work up to 35kV Car charging Car charging station sales and installation Sale of equipment Wholesale and retail of solar panels, inverters, batteries and other green energy equipment.

How many solar panels are installed in Latvia?

As of June 2023, the number of solar panels installed by the Latvian population and connected to AS "Sadales tīkls" reached 15,000 units, and their total capacity exceeded 120 MW - about 15% of the total electricity consumption in Latvia on a sunny day. Solar panels have a lifespan of more than 25 years.

How long do solar panels last in Latvia?

Solar panels require almost no maintenance during their lifetime. In addition, rain cleans the surface of the panels well. The payback period for correctly adapting to the consumption of solar panels is 4-7 years. Why are more and more people in Latvia installing solar panels and inverters?
