

## SolarMax Energy Systems

# Lithium battery 48V 25A inverter

## Overview

---

How much does a 48V 25ah battery weigh?

Highest-level safety based on UL Testing Certificate for the cell inside the battery Metal Heavy Duty pack. □Lightweight & Versatile□: Weighting only 9.5kgs for one module, our 48V 25Ah battery weighs in at only 1/4 the weight of lead acid batteries! With no acid in the battery, you're able to safely mount in any position.

What is a Multiplus inverter?

The MultiPlus, as the name suggests, is a combined inverter and charger in one elegant package. Its many features include a true sine wave inverter, adaptive charging, hybrid PowerAssist technology, plus multiple system integration features. The MultiPlus will prevent overload of a limited AC source, such as a generator or shore power connection.

What is the best replacement lithium ion battery?

The company's proven technology and reliability have made it an industry leader, the world's top supplier of drop-in replacement lithium-ion batteries. The GreenLiFE® 48V 25A Lithium Ion Battery is the perfect replacement from a AGM, GEL, or Lead Acid Battery.

What is a gl48 battery?

The GL48 is designed as a “drop in replacement” meaning all you have to do is take out your old AGM, GEL, or Lead Acid Battery and place the GL48 in the same way. GreenLiFE® offers an innovative battery technology that's significantly lighter than lead-acid batteries, approximately 70% lighter for comparably sized units.
