

SolarMax Energy Systems

Lithuanian BMS battery management power system brand

Overview

Specialising in the intelligence of embedded systems, BMS PowerSafe® designs and manufactures intelligent battery management systems, integrating new-generation software and electronic boards enabling us to be one of the leaders in the markets:

Lithuanian BMS battery management power system brand

12 companies for Battery Management System in Lithuania

ENEPAQ is a leading manufacturer of Battery Management Systems (BMS), offering advanced solutions designed for various applications, including renewable energy systems and electric ...

Battery Management System and Battery Modules

Lithium battery parameters

Product capacity: 100Ah

Product size: 135*197*35mm

Product weight: 1.82kg

Product voltage: 3.2V

internal resistance: within 0.5

Located in Lithuania, ENEPAQ is at the forefront of battery technology innovation. We specialize in providing quick turnaround and high-quality prototyping services for custom battery solutions.
