Lunji Photovoltaic Solar Panels

Overview

Who makes LONGi Solar panels?

Longi Solar photovoltaic panels - Longi solar panels are produced by the Chinese company Longi Solar Technology Co., Ltd., which is one of the largest manufacturers of solar cells and panels in the world.

Are LONGi Solar panels a good choice for commercial projects?

In the commercial sector, Longi offers high-capacity panels that are ideal for large-scale solar projects. These panels are designed to maximize power output and are suitable for rooftop installations as well as ground-mounted solar arrays.

What are LONGi Solar panels used for?

Longi solar panels are used in a variety of applications, including residential, commercial, and industrial solar systems, as well as large-scale solar energy projects such as solar parks.

How long do LONGi Solar panels last?

Extended Warranty: Longi Solar photovoltaic panels come with an extended warranty of up to 25 years, meaning that owners can rely on the durability and performance of these panels for many years to come.

Do LONGi Solar panels degrade?

LONGi solar panels have slower degradation rates than other brands. LONGi guarantees that their mono panels will degrade by just 0.55% per year and 0.45% per year for the bifacial modules. In comparison to the traditional degradation rate of 0.7%, this is significantly lower.

Are LONGi Solar modules good?

Longi modules guarantee a minimum of 83.8% output at the 25 year

benchmark, this figure out matches Trina Solar, which promises 80.7% output power at the 25 year benchmark. This figure also comes above the industry average of 82% output, but is beat by Panasonic at 90.76% output power. See [Here: Longi Solar Warranty](#)
