

SolarMax Energy Systems

Malaysia lithium battery energy storage cabinet quotation

Overview

How many lithium ion batteries can a storemasta Battery Cabinet charge?

A Storemasta lithium-ion battery cabinet can simultaneously charge multiple workplace batteries in a safe and protected environment. Storemasta offers an 8 and 18 outlet model of battery cabinet, which allows the user to charge up to 8 or 18 li-ion batteries – depending on the chosen model.

What is a lithium-ion battery cabinet?

What is a lithium-ion battery cabinet and why do I need one?

A battery cabinet is a particular type of storage cabinet that reduces the risks associated with lithium-ion batteries. These innovative cabinets create a safer environment in which workplaces can charge and store their li-ion cells.

Why should you use a battery storage cabinet?

BATTERY COOLING Equipped with a 150mm fan, capable of producing 67m³ of air per hour, our battery storage cabinet will reduce the risk of overheated Li-ion batteries and thermal runaway — even during our hot and humid Australian summers. **SPILL CONTAINMENT** Leaks of electrolyte may occur if a battery cell is damaged or faulty.
