

SolarMax Energy Systems

Malaysia portable power storage manufacturer

Overview

What is a battery energy storage system (Bess) in Malaysia?

1. Ditrolic Energy Ditrolic Energy is at the vanguard of Malaysia's transition to sustainable energy, offering versatile Battery Energy Storage System (BESS) solutions. These systems are not just stand-alone; they can be integrated with solar, wind, or microgrid setups, underpinning a future-proof energy strategy.

What is portable energy storage?

Portable Energy Storage provide a convenient and eco-friendly alternative to traditional generators for outdoor activities or emergency backup power. Portable Energy Storage compact and lightweight systems are designed for easy transportation and can power various devices, from small electronics to RVs and boats.

What is a portable power station?

Our versatile portable power stations are perfect for camping trips, road journeys, or any off-grid escapade, offering the convenience of power on the go. For homeowners, our solar panels and stackable power systems deliver dependable energy, giving you peace of mind and reducing dependence on conventional power sources.

Why should you invest in Malaysia's patented technology?

Backed by the Malaysian Government, we utilise our Patented Technology for a wide range of Stationary and Dynamic Applications. We believe that good product innovation is powerful, hard work is essential but exploring the unknown together is crucial. Together, we chart the future!
