

**SolarMax Energy Systems**

**Manufacturers of large  
industrial battery cabinets**

## Overview

---

What is a lithium-ion battery storage cabinet?

DENIOS presents its Energy Storage Cabinet specifically crafted for Lithium-Ion batteries, ensuring secure containment and charging. These meticulously designed lithium-ion battery storage containers guarantee comprehensive safeguarding, including 90-minute fire resistance against external sources.

What are Arimon battery cabinets?

Arimon uninterruptible power supply (UPS) backup battery cabinets are available for either front access batteries or top terminal (monobloc) batteries. All battery cabinets are constructed from heavy gauge steel with a durable welded frame and acid resistant powder coated finish available in a wide range of colors.

Where can I find the perfect lithium-ion battery storage container?

Let the team at Denios help you find the perfect lithium-ion battery storage container. Our website offers state-of-the-art lithium-ion cabinets with fireproof battery storage, providing peace of mind and protection for your energy storage needs.

Why do we need a backup battery cabinet?

Through cutting-edge research and innovation, advanced engineered power products for backup battery cabinets have become essential to our energy future. When the power goes out, battery backups ensure that the Internet, cloud-based data, financial and health records stay accessible.

Which lithium-ion charging cabinets should I Choose?

Asecos provides two reliable lithium-ion charging cabinets to fit your specific needs. Both options offer exceptional fire protection and safety features, ensuring secure storage and battery charging. This guide will help you choose the right cabinet size for your space and capacity requirements.

## Are lithium battery storage cabinets fireproof?

Constructed from powder-coated sheet steel, they incorporate a tested, liquid-tight spill sump to manage battery leaks that may catch fire. These fireproof lithium battery storage cabinets also feature self-closing doors and high-quality oil-damped door closers, further enhancing safety measures.
