

SolarMax Energy Systems

Marshall Islands megawatt solar power plant

Overview

MEC will install new solar panels capable of generating 8 megawatts of power, paired with 15 megawatt-hours of battery energy storage systems. These additions will complement the existing solar and battery systems being installed under the existing SEDeP project.

Marshall Islands megawatt solar power plant

MEC's revamp in progress

o Installation of hundreds of solar panels around Majuro Atoll -- at the reservoir, on government buildings, schools and sports court roofs -- that aim to inject up to 4.5 megawatts ...
