Powering telecom towers

In its current roll-out-phase, the company is targeting base stations of mobile telecom operators in countries with poor or unreliable grid coverage in the Middle East, Africa ...

[Get a quote](#)

Power & Energy Meter for Telecom Tower RMS

Multi Circuit Power Meter enables separate energy bills for each tenant, resolves SLA disputes, reduces manpower costs and gives management visibility into tower performance.

[Get a quote](#)

Ubiik joins Tower Automation

Alliance to take tower monitoring to ...

The projects involve installing smart meters for base stations installed on towers, connecting them via their operator's own wireless network, as well as integrating management ...
