Mobile outdoor power supply customization

Overview

How to choose a power supply for outdoor enthusiasts?

Lighting: A flashlight is also a must for outdoor enthusiasts. Install a lighting function in the power supply, this power supply integration function is more powerful. At present, there are two types of power supply: a round lamp, an energy-saving lamp. It is a great choice for outdoor lovers.

Why is outdoor power supply a must-have for travelers?

“The world is so big, I want to see” aroused the resonance of so many people. Then the corresponding outdoor equipment has become a must-have for travelers, especially outdoor power supply.

Why do people buy outdoor power supply?

Most customers buy outdoor power supply is due to the capacity of charge pal is usually small, which cannot meet the demand of many charging electronic devices. Therefore, consider an outdoor power supply that can solve more than 80% of the charging of electronic devices. The diversity of all charging ports is also considered by the public.

How much power to store in outdoor power supply?

1. Battery capacity: Solve the problem of how much power to store. Battery capacity should be the first consideration. At present, the battery capacity of outdoor power supply in the domestic market varies from 100Wh to 2400Wh. 1000 Wh = 1 Kwh. The maximum capacity we've seen is 2400Wh, which means it has 2.4 -kilowatt storage.

Who makes portable power units?

General Transformer Corporation designs and manufactures custom portable power units to meet remote power requirements. Our engineering team works with you to create step-up or step-down voltage power transformers.

What is a portable power station & a home energy storage battery?

Product portfolio includes portable power stations (300W-2000W) for on-the-go applications and home energy storage batteries (5kWh-30kWh) for residential use, providing solutions that scale with your customers' diverse energy needs. Perfect for field work, outdoor events, and mobile operations
