

SolarMax Energy Systems

Mobile power box manufacturers

Overview

Who is Powerbox?

About us We create distribution solutions tailored to your needs. Inventors, manufacturers, innovators. PowerBox factory offers a vast range of PDUs, distro boxes, racks, panels, adapters, cable extensions and splitters to safely manage power distribution, all designed and built to be fully compliant with the safety regulations.

Where can a power box be used?

In addition to being used on construction sites, the power box is also suitable for temporary power distribution at outdoor events, disaster recovery sites, industrial warehouses, and confined spaces where pre-existing power sources may not exist.

Are Lex power distribution boxes safe?

Lex Products offers a full range of portable power distribution boxes and units, specifically engineered for indoor and outdoor use for the entertainment, industrial and military industries. Our power distribution boxes range from 20-800 Amps and are well known for being durable, long lasting and safe.

What are the best power boxes for a confined space?

If you are searching for an efficient power solution for a confined space, power distribution boxes and small spider boxes should be your top choice. These power boxes provide power where there is limited space and are a highly durable solution thanks to their robust construction for worry-free portability.

What are load master TM series portable power distribution boxes?

Load Master TM Series portable power distribution boxes are the first in the industry to feature outputs with adjustable current ratings to match specific application loads. These temporary power distribution boxes feature 1, 3 or 4 adjustable circuit breakers, with a range of amperage and voltage ratings.

Are Lex powerhouse TM & powerrack TM portable distribution boxes cULus listed?

Lex Products PowerHOUSE™ and PowerRack™ portable distribution boxes are cULus listed and ready to deliver fail-safe, convenient, long lasting products for the entertainment, industrial, and military industries that need durable and innovative power they can rely on.
