Morocco distribution box 5g base station

Overview

Which companies are launching 5G networks in Morocco?

Nokia, Huawei, Ericsson and ZTE. November 2024 update: The opening of the tenders related to the allocation of 5G licences is expected by Q1 2025 whereas the launch of the first 5G network activations in developed cities of Morocco is expected roughly twelve (12) months following the opening of tenders.

Will Morocco launch 5G in 2023?

The general guidelines note for the development of the telecom sector, adopted by the National Agency for Telecommunications Regulation (ANRT) in 2019, specified conditions for the launch of 5G in Morocco in 2023. Morocco is still in the 5G evaluation, testing and trial stage, leaving the launch postponed to a later date.

How long does it take to build a 5G network in Morocco?

Studies are currently being conducted to propose the conditions and modalities for operating 5G networks in the Kingdom in order to identify and prepare the target frequency spectrum rearrangement schemes. As 4G took 10 years, the construction of the 5G network in Morocco for a wide deployment throughout the country could take years.
