

SolarMax Energy Systems

Morocco pack battery manufacturer

Overview

The parent company, COBCO, is Morocco-based and is the fruit of a partnership between Al Mada and China's CNGR Advanced Materials. Rabat – COBCO announced the inauguration of the first lithium-ion material manufacturing unit on Wednesday in Jorf Lasfar. Which companies are planning to build a battery plant in Morocco?

In May 2024, Hailiang and Shinzoom had announced plans to build battery component plants near the city of Tangier. BTR New Material Group and CNGR Advanced Material also intend to build battery material production facilities in Morocco.

Which Chinese lithium battery companies are based in Morocco?

Since 2023, several Chinese lithium battery industry chain companies, including CATL, Gotion High-Tech, Sunwoda, BTR, Huayou Cobalt, CNGR Advanced Material and Tinci Materials, have collectively invested in Morocco and built factories. The battery industry chain centered around LFP is forming rapidly.

What's going on with EV batteries in Morocco?

The battery industry chain centered around LFP is forming rapidly. In June this year, the Moroccan government announced that Gotion High-Tech would invest \$1.3 billion (US) to build a gigafactory for EV batteries.

How much does it cost to build a battery in Morocco?

The total cost could then reach six billion euros. Morocco's geographic proximity to Europe, free trade agreements with the EU and the US, and its existing automotive industry are attracting Chinese battery manufacturers. In May 2024, Hailiang and Shinzoom had announced plans to build battery component plants near the city of Tangier.

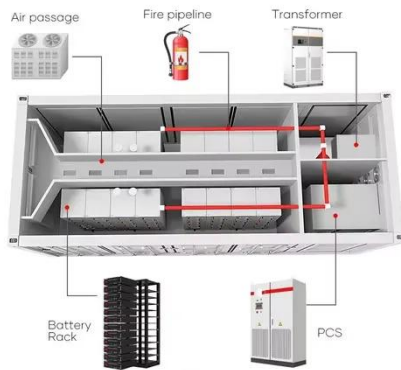

Will Huayou Cobalt & LG Energy Solution Co-build a battery plant in Morocco?

Huayou Cobalt and LG Energy Solution will co-build a plant in Morocco, one for 50,000 tons of LFP annually and another for 52,000 tons of lithium conversion annually. In addition to abundant phosphate reserves, Morocco also possesses metal resources like cobalt and lithium needed for battery production and has cost advantages.

Does CATL have a battery production base in Morocco?

CATL has already planned over 100 GWh of production capacity at its European factories. Additionally, Sunwoda is also setting up a battery production base in Morocco. The number of material manufacturers investing in Morocco is even larger.
