New Energy Storage Peak-Valley Battery

Overview

DENVER - July 30, 2025 - Peak Energy, a U.S.-based company developing low-cost, giga-scale energy storage technology for the grid, today announced the launch and shipment of its sodium-ion battery energy storage system (ESS) that delivers a patent-pending passive cooling design to dramatically reduce lifetime energy costs.

New Energy Storage Peak-Valley Battery

Peak Energy launches first grid-scale sodium ion battery in US

Because sodium ion and lithium ion batteries are so different, Dales said that he expects Peak's launch to usher in an era of varying in battery solutions for a diversity of energy ...
