

SolarMax Energy Systems

New Zealand 220v inverter

Overview

What type of inverter does victron offer?

12/24/48 Vdc models with 230 or 120 Vac output. (Please contact us for 120 Vac Models) Please contact us for 12/24 vdc models with IEC Outlet. Selected models with parallel connection capability for high output and/or 3-phase / split-phase applications For more information on all of our inverters see our Victron Inverters Product Information page.

What would happen if there were no inverters?

Without inverters, it would be impossible to use DC power with standard AC equipment. They ensure that renewable energy sources and battery systems can effectively supply power to everyday devices.

What is a utility scale modular inverter?

Utility scale modular inverters for solar and energy storage utilising the very latest modular design. Available in models ranging in size from 1525kVA – 4390kVA, 1500VDC. A comprehensive range of AC and DC electric vehicle (EV) chargers including our NB Station, which consists of a central power station that supplies energy to recharging posts.
