

## SolarMax Energy Systems

# New Zealand Battery 20V Inverter

## Overview

---

How many outlets does a 240V inverter have?

It features two standard 240VAC mains outlets as well as a USB port (2.1A) to charge USB devices. To avoid your 24V battery going flat, a low voltage alarm will alert you when the battery voltage reaches 20.5V, and then shutdown the inverter when the battery reaches 20V.

How much power does an inverter use?

13.5kWh battery -20°C to 50°C 96.5% Inverter Max Efficiency 5kW discharge / 6kVA peak power Charge the battery off peak where it's cheaper then discharge the battery during peak times for maximum saving. 10 years Up to 6 units Systems in parallel and achieve 80 KWh of usable energy storage.

Who installs sigenergy hybrid inverters & energy storage solutions in New Zealand?

Planet Electrical is proud to install Sigenergy hybrid inverters and energy storage solutions across New Zealand. With their advanced technology, reliability, and efficiency, Sigenergy is an excellent choice for anyone looking to reduce energy costs, maximize solar power, and achieve energy independence.

How much power does a sine wave inverter provide?

This pure sine wave inverter is capable of providing 2,000W continuously and a 4,000W surge. Ideal for powering microwaves, power tools, TVs, and other power thirsty devices when you are away from mains power. It features two standard 240VAC mains outlets as well as a USB port (2.1A) to charge USB devices.

What is a sigenergy hybrid inverter?

Sigenergy Hybrid Inverter – Converts solar power into usable electricity and manages energy flow between the grid, battery, and home. SigenStor Battery

– A scalable all-in-one storage system that integrates seamlessly with Sigenergy inverters. Sigenergy Energy Management System – AI-driven technology that ensures optimal energy usage and savings.

What payment methods does waveinverter accept?

Payment Methods: We accept payment in store by EFTPOS, Creditcard and Cash. Welcome to Waveinverter at 15 View Rd, Henderson, Auckland We are a one stop shop for everything related to off-grid power, we look after customers with solar powered homes, marine, motorhome and trade vehicles.
