

SolarMax Energy Systems

New Zealand energy storage system manufacturer

Overview

Who is launching New Zealand's largest battery energy storage system?

WEL Networks and Infratec are proud to announce the launch of New Zealand's largest Battery Energy Storage System (BESS) with commissioning underway.

Which energy company is building New Zealand's first grid-connected battery energy storage system?

Meridian Energy is building New Zealand's first large-scale grid-connected battery energy storage system (BESS) at Ruakākā on North Island. Paris, January 10, 2023 – Saft, a subsidiary of TotalEnergies, has been awarded a major contract by Meridian Energy to construct New Zealand's first large-scale grid-connected BESS.

Does Saft offer a battery energy storage system for New Zealand?

Saft executive vice president for energy storage solutions Hervé Amossé add: "Saft is proud to provide this first Battery Energy Storage System for New Zealand in the Waikato. We are excited to start this operation phase of the battery for which we will continue to support our partners.

Is New Zealand a key market for storage solutions?

Power Electronics NZ Ltd operations director Brent Sheridan sees New Zealand as a key market for storage solutions with future generation growth primarily being led by solar and wind technology. "Power Electronics are proud to be the suppliers of inverters for this project.

Is a 35mw/35mwh storage system being built in New Zealand?

The two companies said last Friday (20 October) that their 35MW/35MWh project, in the Waikato region of New Zealand's Upper North Island, has entered the commissioning phase. Infratec general manager Nick Bibby said that the storage system is "the first of its scale to be built in New Zealand".

What can New Zealand do to improve energy resilience?

WEL Networks and Infratec said they are actively pursuing other opportunities to enhance resilience and increase access to renewable energy in the region. New Zealand currently has a couple of 1MW battery storage systems in operation, but certainly nothing on the scale of the BESS in Huntly.
