Pakistan rooftop photovoltaic solar panels

Overview

Where can solar panels be seen in Islamabad?

Solar panels can be seen on the rooftops of houses in Islamabad. Pakistan is in the midst of a solar boom that has rapidly turned the country into one of the world's largest new adopters of this renewable energy source, according to data from the global energy think tank Ember.

Is Pakistan tapping into solar power at an 'unprecedented' rate?

Pakistan is tapping into solar power at an 'unprecedented' rate. Here's why Solar panels on the rooftops of houses in Islamabad. Pakistan is in the midst of a solar boom that solar analysts describe as "unprecedented."

How much does solar cost in Pakistan?

This became apparent last year, when solar imports to Pakistan more than tripled from just one year earlier, approaching \$2.1 billion, according to data from Renewables First, an energy and environment think tank in Islamabad.

Should Pakistan invest in solar panels?

Solar panels are proliferating in Pakistan. Pakistanis around the country are already weighing the benefits of investing in solar. Dilawar Khan, who does small jobs for a local business and whose wife works as a housekeeper, says he is saving to buy a single solar panel. That would help run the air cooler that sits in the courtyard of his house.

Is Pakistan experiencing a solar boom?

A worker carries a solar panel plate at a market in Lahore on June 12, 2024. The country has experienced a rapid solar boom over the past two years. Link Copied! Glimmering, deep-blue solar panels carpet rooftops in Pakistan's largest cities and dot the perimeters of houses in villages across the country.

Will a tax on solar panels deter Pakistanis?

In June, the government also announced a 10% tax on imported solar panels into Pakistan — almost all of which come from China. Khalid Waleed, an energy economist at the Sustainable Development Policy Institute in Islamabad, says any tax on solar panels could deter Pakistanis who are on the brink of being able to afford this technology.
