

SolarMax Energy Systems

Peru Portable Power Storage Solution

Overview

How much power does a Perun portable power station provide?

The Perun Portable Power Stations provide up to 4000w Peak and 2000w continuous running power for your home, office, and on-the-go. Keep them charged and ready for emergency power or take them with you for working remotely, to the park, camping, or just in the backyard.

Why should you buy a Perun portable power system?

Keep them charged and ready for emergency power or take them with you for working remotely, to the park, camping, or just in the backyard. If your job requires power in the field for a computer, tablet, lighting, and other electronics the Perun portable power systems are the perfect solution!.

Does Peru have a Bess regulation?

Peru has no existing BESS regulation and is currently evaluating how to move forward with battery storage projects. In fact, in January 2024, Peru's energy and mining investment regulator, Osinergmin, opened a request for a proposal for a study on energy storage.
