

SolarMax Energy Systems

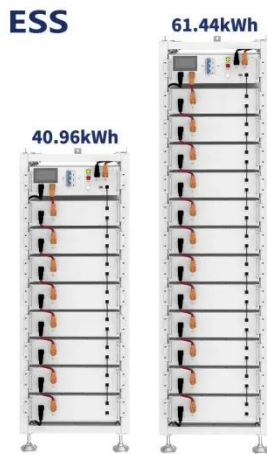

Photovoltaic energy storage installed in Montenegro

Overview

EPCG, Montenegro's largest electricity provider, is investing in two four-hour BESS to strengthen grid resilience and balance supply and demand. Each system will have a power output of 30 MW and a storage capacity of 120 MWh, designed for operation at an output voltage of 35 kV.

Photovoltaic energy storage installed in Montenegro

Montenegro developing 87.5 MW of solar

Agenos Energy and CGES AD Podgorica have signed a contract to construct an 87.5 MW solar park in western Montenegro, bringing the project closer to completion.
