

## SolarMax Energy Systems

# Photovoltaic new energy storage antimony battery

*LiFePO<sub>4</sub> Battery, safety*

*Wide temperature: -20~55°C*

*Modular design, easy to expand*

*The heating function is optional*

*Intelligent BMS*

*Cycle Life: ≥ 6000*

*Warranty: 10 years*

## Overview

---

Liquid-metal batteries, a promising solution for storing solar energy, depend on antimony's unique properties. These batteries enable efficient capture and distribution of excess solar power, addressing the intermittency challenges of renewable energy sources.

## Photovoltaic new energy storage antimony battery

---

### Review on photovoltaic with battery energy storage system for ...

This paper aims to present a comprehensive review on the effective parameters in optimal process of the photovoltaic with battery energy storage system (PV-BESS) from the ...
